Increase of 8.6% approved

Restraints pledged for '82 budget

Vowing a commitment to restraint and pledging to fight for tourism dollars, the Haliburton County Council has passed a budget that calls for curbed spending while granting the Chamber of Commerce \$50,000 to help promote tourism in the county.

The 1982 budget, introduced at last Wednesday's council meeting by Budget Committee chairman Jim Harrison, calls for only an 8.6% increase over last year's expenditure.

The county plans to spend \$981,687 in 1982. Last year's county expenditures totalled \$903,808.

Harrison told council that the committee's main concerns for the 1982 budget were restraint and the state of the economy in Haliburton County. "With the depressed state of the economy, it is recognized that we must fight

for tourist dollars," he said.

Harrison also gave a strong endorsement to the Chamber of Commerce, which received unprecedented support in the county budget this year. "There is an energetic Board of Directors on the Chamber of Commerce, and the Budget Committee believes we should invest heavily in promotion of the County. The Chamber of Commerce grant will be monitored and expected to produce noticeable benefits for all municipalities," Harrison said.

The Chamber's grant of \$50,000 marks a 200 per cent increase over the \$16,500 it was awarded by the county last year. In addition to the Chamber grant, the subsidiary Economic Development Commission received a grant of \$11,000, up from last year's \$10,000.

While the Chamber grant is the most significant increase

over last year's spending, the Children's Aid Society will receive a \$14,000 increase in 1982. Last year's CAS budget of \$10,000 has gone up to \$24,000. Harrison told council that the budget increase is due to an increase in the number of children in the county receiving CAS care. 6.4% of children in CAS care last year were from Haliburton County, the budget assessment for 1981 was based on a figure of only 2.72%.

Hyland Crest Senior Citizens Home in Minden will receive a 9.8% increase in its budget for 1982. According to Harrison, the Home's 1981 over-expenditure of \$21,792 was used to cover retroactive wages in a settlement with CUPE workers which was reached in February of this year. The County's share of

Argentinian musician and craftsman Dario Dominiques inspires a student of Archie Stouffer Elementary School with drum music during his concert at the school Thursday. Dominiques' marionettes are part of the current exhibit at the Rails' End Gallery.

Chamber gets major boost from county for tourism

The Haliburton Highlands Chamber of Commerce will receive a 200% increase in funding from the county. The grant of \$50,000 was contained in the 1982 budget endorsed at the March 17 meeting of the council. In 1982 the council awarded the Chamber a grant of \$16,500.

County Warden Ron Gambell told council during last week's meeting that the budget committee has "every confidence in the Chamber." He added that he hopes future councils will do their best to further support the work of the Chamber.

The 200% grant increase comes as a result of a strong presentation given to county council at the February meeting by the Chamber's board of directors. The group stressed the importance of tourist promotion for the county and asked council to earmark \$60,000 for a major promotional campaign for this year. An additional \$40,000 was requested for Chamber operations.

Although the grant increase is a clear indication of increasing support for the

Chamber's services, Chamber president, Rhonda Elstone would still like to see more county funds spent on promoting tourism.

"Naturally we're thrilled that the county has increased the grant substantially," Mrs. Elstone said in a telephone interview Tuesday, "but unfortunately, the new budget is laid out in such a way that we've been left with only \$12,000 to mount a major advertising campaign this year."

She added "it will be difficult to do something of major impact with \$12,000. The results will not be as readily seen as they would be if we were working with the \$60,000 we had hoped for. We'll just have to go back to the drawing board and find ways to stretch the money as far as we can."

The Chamber's budget for 1982 marks \$28,000 for administration of the newly formed Tourist and Convention Bureau and an additional \$10,000 to maintain tourist promotion at last year's level. The Chamber itself will be

self-sustaining, on the revenue brought in by membership fees.

Elstone says that the badly needed renovations to the Chamber's offices will have to wait until separate funds can be raised.

While Elstone would prefer to be working with a bigger budget, she says the Chamber is prepared to do the best with the support it has gained. "We're going to have to work hard to prove we're worthy of the support the county has given us," she said. "We've got a big job ahead, there's no question of that."

The grant increase to the Chamber will bring the organization closer in line with its nearest competitors to the south and west. In a report submitted at the last meeting of county council, Chamber directors pointed out that Haliburton County is being badly outspent in tourist promotion by its major competitors, and that it is losing tourist dollars as a result.

Figures released in the Chamber's report showed that last year the Muskoka

Tourist Association received municipal support totalling \$35,000, while the Kawartha Tourist and Convention Bureau received a total of \$90,000 from Peterborough City and Peterborough County combined. Grants to the Huronia Tourist Association totalled \$65,192 in 1981, according to the report, and the Grey-Bruce Association was awarded \$38,108.

Chamber manager, Bob Stinson, sees the Chamber's responsibility for tourist promotion as being much greater than that of any similar organization in Ontario. "We are the only county-wide Chamber in the province," Stinson says, "and so we do not have the same duplication of tourism promotion in the county as elsewhere," Stinson explains.

According to Stinson, the Haliburton Chamber has also been hurt in recent years by a reduction in provincial grants. "The provincial government Ontario Tourist

(more on page 3)

The budget at a glance

The Haliburton County budget, tabled at the March 17 meeting of County Council, was presented in seven spending categories. The following is a list of areas of spending and the anticipated spending for the coming year: (bracketed figures indicate expenditures in 1981):

General Government (including councillors fees and all administration costs)	(\$105,846.81)	\$106,700
Protection to Persons and Property (including Haliburton County Mutual Fire Aid and Wolf Bounties)	(\$1,325)	\$1,300
Transportation Services (County Roads)	(\$419,618.36)	\$480,000
Health Services	(\$40,166.92)	\$52,500
Social and Family Services (including Hyland Crest and CAS)	(\$191,229.01)	\$195,887
Recreation and Cultural Services	(\$49,500)	\$57,300
Planning and Development (including the Chamber of Commerce and the Economic Development Commission)	(\$52,213.86)	\$88,000

In 1981 the County had an actual surplus of \$19,470 at the end of the fiscal year. The county's expected revenue for 1982, which is made up of provincial grants, land division application fees and other revenue, totals \$193,927. The remainder of 1982 budget requirements will be made up from the \$768,290 levied from municipalities in the county.

Organist honoured after 50 years

Reverend George Elliott assists as Isabelle Gibbs slips an oil painting from its wrapping after presenting it to her Monday evening. Miss Gibbs was honoured by parishioners as the church's organist. Over 50 fellow members of the congregation, friends, family and neighbours in Stanhope Township gathered at the Maple Sands Resort for the celebration.

Reverend Elliott read letters of congratulation from Anglican church leaders and former incumbents at the Minden charge, which includes the Maple Lake Church. (The painting, by local artist Bob McBrien, emerged from the wrapping upside-down.)

Limited hazard zone part of new by-law

While fully expecting objections from the Ministry of Natural Resources, the Anson, Hindon and Minden municipal council has zoned only 66 feet on either side of the Gull River in Minden as hazard land in the new zoning by-law passed last week, (March 10).

Hazard land zoning has been a contentious issue between the municipality and the MNR since council began work on the by-law last year. The MNR has repeatedly pressed council to carry out a study to determine the extent of flooding that could be expected if the Gull River spills over its banks, but

municipal council has resisted the recommendations. Extending the hazard zone could limit future development in a large part of Minden, including the downtown area.

The new hazard land zoning will extend north from Minden to the Portage Bridge. Beyond that point existing zoning will be retained.

Debate over hazard land zoning is not a problem in Minden alone. Lutterworth council recently gave third reading to their draft zoning by-law that included no hazard land zoning whatsoever. It has now been sent to

the Ontario Municipal Board for a hearing date. Lutterworth is also expecting objections from the MNR.

Minden council has also dropped the Recreational/Residential zoning that has drawn widespread objections from cottagers in the municipality.

In the new draft zoning by-law, council has estimated density numbers as the criterion for residential zoning. There will be five residential zones in the new by-law, ranging from R1 for serviced lots in downtown Minden to R5 for unserviced lots not abutting publicly

maintained roads.

Cottager Associations expressed concern over the Recreational / Residential zoning when the first public meeting was held last year. Many seasonal residents wanted confirmation from council that the R/R zone would not prevent cottagers from taking up permanent residence on R/R lots for retirement purposes.

The new Residential zone scale will allow cottagers to take up permanent residence on any of the residential zones, according to the township clerk.

The new frontage for shoreline property will be available once the draft by-law has returned from planning consultants, according to municipal clerk-treasurer Elinor Burke. Figures will be published in next week's issue of The Times.

School bus safety concern on highway

A dangerous road entrance in Lutterworth township is creating a hazard for school buses using the route. Lutterworth and Minden municipalities are contacting the Ministry of Transportation and Communications for help in improving the entrance.

The Lutterworth Boundary Road joins Highway 35 in Lutterworth township at a stop sign. It emerges onto the highway just south of the Minden Main Street entrance.

The turn onto the highway is so sharp that school buses using the route must turn into

the oncoming lane when making a right-hand turn to go south on the evening route.

Minden Reeve Lloyd Walker, Lutterworth Reeve Ron Gambell and by-law enforcement officer Stephen Fox, and Scott LaRue of the Haliburton County Board of Education observed the hazard first hand March 16, when they met at the intersection and watched a school bus make the turn. Minden OPP Sergeant Bill Bailey also stopped at the scene. He told the group that the Minden detachment would also consider possible solutions for the problem.

Free skating this Friday

Minden and area students and their parents will have an opportunity to enjoy an afternoon of free skating this Friday. As a result of the co-operative effort of four area merchants, skaters wishing to take advantage of the facilities at the Minden

arena will be able to do so free of charge between 1 p.m. and 4 p.m. Friday.

The operators of Stedman's Store in Minden, Highlands Supply, Eastons Red & White Foodmaster, Minden and The

Times, have combined their efforts to provide the three hours of free public skating.

Since this is the traditional spring break week, it is expected that a large number of students will take advantage of one of the

last chances to tie on the blades. Adults are welcome as well to make use of the free skating.

Chamber

(from page 1)

Association Program (OTAP) broke the province into twelve regions," Stinson explains. "When Haliburton was then placed under the Central Ontario Tourist Association, \$7,500 in annual grants were lost," he says. According to Stinson, the new grants under COTA aren't nearly as big as those awarded through OTAP.

Despite the difficulties facing the Chamber, Stinson still has high hopes for the county as a major competitor in tourism. "In Haliburton county we have an enviable position; we're that tank of gas away from Toronto," he says. If the potential for a growth industry exists in the tourist trade, Stinson feels an urgency to be ready for the boom: "Visitors to the county frequently ask, 'How can you be so close to Toronto and not more fully developed?'" Stinson says. "If we don't get busy, the tourist market is going to explode on its own, and we won't be ready. Any resort that doesn't expand and update simply won't be viable," Stinson adds.

Whether directly or indirectly, tourism in Stinson's view has a vast economic effect on all residents of the county. "Tourism business touches everyone," he says, "and that's why it's acceptable to ask taxpayers to pay for it. OPP, civil servants, teachers, they're all involved. Teachers are here because pupils' parents make a living in the tourist trade. It's pretty hard to find an occupation in Haliburton County that isn't touched by it; it very definitely deserves tax payers' support," Stinson says.

President Elstone is optimistic about the future of tourism. "We feel we've made a major step forward; the council has realized that we are an important and viable body, and we have a job to do."

The record Chamber allotment passed with only one objection, that from Anson, Hindon and Minden Reeve Lloyd Walker. He suggested that the council should be given an exact breakdown on how the funds are to be spent before approving it. Warden Ron Gambell pointed out that these details were contained in the presentation given to each councillor at the February meeting.

Lutterworth considers fire standards by-law

Rising fuel prices have led to an increase in the number of homes heated with wood and a resultant rise in house fires. Lutterworth municipal council is taking steps to bring the installation of chimneys and wood stoves under tighter municipal control.

The issue of of ipstallation standards for chimneys and wood stoves first arose recently, when Lutterworth council was approached by an insurance company that

wanted assurance that a rate payer's woodstove met recognized standards. Councillors found that the municipality had no jurisdiction over new woodstove installations and with the municipality assuming fire fighting costs for an increasing number of house fires every year, council began seeking ways of taking control of installation standards.

At its regular meeting last Thursday evening, Lutter-

worth council met with Fire Services Advisor Bill Watson of the Fire Marshall's Office. Watson told council that under the Fire Marshall's Act, the municipal clerk-treasurer may act as an assistant to the Fire Marshall, and therefore assume responsibility for enforcing both the Fire Marshall's Act and the New Ontario Fire Code, introduced in the fall of 1981.

Since Lutterworth has no Fire Department, the clerk-

treasurer would act in place of a municipal Fire Chief.

Both the Fire Code and the Fire Marshall's Act stipulate proper installation standards,

but according to Watson, even they are not enough. He would like to see prefabricated metal chimneys, the most popular choice for new installations, tested at a much higher rating. The Selkirk chimney is now rated at 1000 degrees, but Watson explained to council that creosote, the major cause of chimney fires, burns as high as 2,200 degrees.

Another option open to Lutterworth council is the introduction of a new by-law that would make a permit

mandatory for home owners installing new woodstoves; no permit is necessary under the existing building by-law. If a new by-law is introduced, the municipal building inspector would be empowered to inspect new installations under the terms of the Building Code, which, like the Fire Marshall's Act and the Fire Code, sets standards for installing chimneys and stoves.

Both Peterborough and Lindsay have recently passed by-laws governing woodstoves and chimneys, and Lutterworth council will be reviewing both in coming weeks to consider their terms.

County budget increases 8.6%

(from page 1)

the Hyland Crest budget is up \$12,500 over 1981, to \$140,000.

The County has allotted an extra \$38,000 for county road maintenance in 1982. Estimated spending for the year will be \$480,000. Harrison told council that the budget has been kept high enough to be eligible for 80% subsidy from the provincial government. The roads budget will bring \$2,226,000 in subsidy dollars to the county, which will in turn stimulate the economy, according to Harrison.

The Haliburton Public Library will also receive a significant increase this year. Its budget for 1982 will be \$53,000, \$9,000 more than in 1981. Of the \$9,000 increase to the Library budget, \$6,000 will go towards salaries and benefits, Harrison said.

While total grants for 1982 has increased \$31,000 over 1981, the Budget Committee has dropped \$2,075 in Health and Social and Family services grants altogether. Recreation and cultural services grants have also been slashed, from \$5,500 last year to \$4,300 for 1982.

The loss of \$100 grant to the Haliburton County Social Planning Council drew strong criticism from Lutterworth Deputy-Reeve Glynne Lewis. Lewis told council that the Planning Council was the only one of its kind in the province, and that the council had been instrumental in establishing a full-time Children's Aid Society worker for Haliburton county.

The council, which is made up of volunteer workers, requested a \$400 grant last year and was awarded \$100. Lewis urged council to amend the budget to include a grant to the council. "Let's keep that planning council going," Lewis urged, "or the county will suffer as a result," he said.

Harrison responded by saying that the budget committee's feeling on the issue was that many groups approach both county and municipal governments for funding. "There's duplication every time you turn around," he said.

In his introductory speech, Harrison outlined the budget committee's stand on grants to service organizations. "There are services which have been funded to get them established. The County fully supports and appreciates the efforts and benefits, but must encourage these groups to be self-sustaining," he said.

County Warden Ron Gambell suggested to Lewis that the Planning Council approach service clubs such as Rotary and Kinsmen for financial support. "We had to draw the line," he told Lewis.

The 1982 budget has also discontinued \$1,075 in grants to Health groups. The Canadian Cancer Society, the St. John's Ambulance, the C.N.I.B., Canadian Mental Health, Canadian Arthritis and the Canadian Heart Fund are all affected by the drop in grants.

Grants to the Guild of Fine Arts, the Haliburton County Snowmobile Association and the Paudash Trail Blazers

have all been maintained at last year's levels of \$1,000, \$2,000 and \$500 respectively; Harrison praised the three organizations for their

"proven success in bringing people into the County."

Harrison called the \$31,000 overall increase in grants a "thrust to stimulate the economy." He added that the funds would help in "sustaining existing businesses and creating jobs." He also predicted spin-off effects "throughout the county" as a result of the spending.

Provisional County of Haliburton Roads Department Attention Truckers

All truckers who are interested in working for the Roads Department in 1982 are required to complete forms that are available from the County office. All forms to be returned by 4:00 p.m. April 13th, 1982.

editorial

The Chamber's challenge

Haliburton County Council has responded to the ably presented proposal of the Chamber of Commerce and given the organization a grant of \$50,000. While the amount is far short of the \$98,000 requested, it does represent a substantial increase in funding - 200%.

The grant is even more significant in light of the fact that some organizations received no increase at all, while others lost ground or were taken off the county gravy train altogether.

Warden Ron Gambell told the meeting Wednesday the budget committee was recommending the large grant because they had faith in the Chamber.

A heavy responsibility will now rest with that organization to produce a program and results from the money the county has given. Granted, the funds are less than the Chamber requested, but during the organization's presentation in February, they indicated they would create a program tailored to the funds they received.

Members of the council as well as the taxpayers will be watching the evolution of the promotional campaign carefully. What the Chamber does with the money it has received this year will greatly influence how much will be made available for county promotion in 1983.

Thinking positively

You have to accentuate the positive - eliminate the negative...

The words from this old Bing Crosby chestnut offer an ideal prescription for today's hard times. Indeed, the human animal seems to have a

consuming addiction to those things negative, while, at the same time, blithely ignores the positive aspects of his situation.

Case in point: There has been much moaning about the impact of the economy on local business. In particular, the empty storefronts on Minden's Main Street have been used on more than one occasion as an example of how bad things really are.

We point out, however, that three of these "holes" downtown have now or are about to be filled. And,

we understand, that there are other changes in the offing. The Minden Business Improvement Area organization has shown new life and the municipality has responded by pledging funds for downtown redevelopment. On Highway 35 and South Water Street the Blairhampton Alternative has started its first project. This promises to be a car-stopping attraction. Further up the road, something is afoot at the old Walker Lumber location.

This may not be the best of times, but it certainly isn't the worst either. If you don't believe us, look around, the evidence is there for those who dare to look.

Spring reflections.

House adjourns for break

-by John Eakins, M.P.-

After a two and a half month adjournment the Legislature got back into session and after ten days of operation the government decided the place should shut down for a week's holiday. Many constituents shake their heads in wonder, and I agree with them.

The opposition parties objected to the closing, but the government with their majority forced it through the House. Either the House should be recalled earlier and then take the school break, or start later in March. Actually

the House, I feel, should sit longer in the winter.

Has the government finally recognized the importance of agriculture to the economy of this province? It is to be hoped that the "Mandate for the 80's" recently tabled in the House gives the necessary recognition.

For a long, long time, the Liberal Party of Ontario has called upon the government to implement a comprehensive strategy for Ontario's farming and food processing industry. The ad hoc band-aid solutions which have

characterized the government's agriculture policy in the past can no longer be tolerated.

Solutions must be found for the critical problems of this vital industry. Year after year, there has been a constant decline in the percentage of the financial resources which this government has grudgingly given to agriculture and services to farmers.

The statement by the Minister is an admission of

What is 'imputed income?'

-by Bill Scott, M.P.-

Bill Scott, Progressive Conservative member of Parliament for Victoria-Haliburton, has called upon federal finance minister Allan MacEachen to publish a full explanation of what he meant by the phrase "taxation of imputed income" in his October 18, 1981 budget.

"Mr. MacEachen owes it to the Canadian people to set their minds at rest and either confirm or deny that this confusing and ridiculous concept is being seriously considered by the federal government", Scott said.

Stated simply, MacEachen's view is that Canadian

homeowners who are living in their own residences, and not paying or collecting rent on their property, are receiving a benefit on which they are not paying taxes. MacEachen said that homeowners are in effect getting the benefit of a tax loop-hole, and that the federal government is losing four billion dollars a year in taxes.

In using the term "imputed income" MacEachen is saying that Canadian homeowners can be taxed on income that they "might" receive from their property, and that the taxes can be collected in advance.

When Dominion Life Assurance Company vice president John Mahn wrote to his company's clients and alerted them to this danger, Mr. MacEachen reacted angrily, and accused Mr. Mahn of "false and misleading comments" in his letter. The purposes of everyone concerned would have been better served if MacEachen had responded rationally, and offered explanations instead of condemnation to Mr. Mahn and others who have

(more on page 5)

Letters

Editor:

Referring to correspondence regarding the recent actions of the Progressive Conservative Party, in the 17th March issue of The Times.

Before any judgement may be pronounced, it is well to examine the factors leading to the "stand-off", by the Progressive Conservative party.

The present government of Canada has shown itself to be

the most arrogant and dictatorial of any previous government, in our history. This government has also systematically eroded the ability of the opposition to

adequately, and democratically, debate any controversial issues, presented before parliament! There is also the

shadowy inference of an intent to create a one-party state, or at least to render any opposition impotent!

The defeat of the brief Progressive Conservative government was accomplished by the most blatant display

of political chicanery and charade, by the leader of the Liberal Party. It is therefore not surprising that the Progressive Conservative Party has had to use 'filibuster' and finally deliberate absence from 'the

House' in order to confront and force the government to accept the fact, that their energy bill, which is acknowledged, even by the N.D.P. and many of the press, as far too complex for a brief

passage by parliament! The bill needed to be divided, to allow sufficient time for debate on all sections.

It is therefore refreshing to hear that the Liberal govern-

ment has had to relent and that this controversial energy bill will receive the study and discussion necessary.

All entirely due to the firm, although unorthodox stand, by the Progressive Conservative Party.

Glynne Lewis,
Lutterworth.

Editor:

I just want to congratulate those students of Haliburton Highlands Secondary School who have worked and saved

to make a once-in-a-lifetime trip to Greece during this March break.

Granted, it took them a long year to gain their goal,

but I, like one of the fathers to whom I was talking, am certainly envious.

Hope these young people really have a very memorable time.

Jeanne Sears,
Minden.

Townships protest loss of grants

In the only serious objection to the 1982 county budget tabled last week, representatives from the municipalities of Snowdon and Dysart et al voted against the document because of cuts to provincial government guaranteed apportionment grants. The reduction will increase the municipal share of the county budget by \$18,000.

The apportionment guarantee grants are paid directly to eligible municipalities by the provincial government to offset the loss to municipal tax bases which resulted from the province-wide property reassessment. The government has now

initiated a plan to phase out the grants and consequently Dysart now faces both an increase in its share of the county budget and a 4% drop in its tax base.

Dysart reeve Murray Fearrey told council that he would like to see the apportionment grants maintained at last year's levels until all appeals to the reassessment are decided. The results of the appeals will allow municipalities to determine the precise loss in property assessment taxes.

The new formula for the apportionment guarantee grants introduced by the provincial government for 1982 calls for a grant

reduction amounting to \$5 multiplied by the population of each municipality receiving the grant.

Under last year's grant program, Dysart would have been eligible for a subsidy of \$48,195 this year. The new 1982 adjustment has dropped that amount to an estimated \$26,247. Last year Dysart received \$35,000.

Dysart is not the only municipality affected by the change to the grant structure. Snowdon's grant will drop \$1,304 in 1982, to an estimated \$2,096 from \$3,400 last year. Cardiff and Sherborne, McClintock & Livingston townships, will lose apportionment grants altogether this year. Cardiff will lose \$3,600 and Sherborne, \$1,100. Under the provincial program, Cardiff may become eligible again if the municipality contributes to a Conservation Authority.

Another new government program has increased Dysart's percentage liability of the county budget over last year. This year Dysart will contribute 38.33 percent of the \$768,290 county budget, up 1.44 percent from 1981. Dysart's total levy this year will be \$294,485.56, which is an increase of \$26,247 over last year.

Under the new guidelines introduced by the province this year, the percentage liability of each municipality in the county is calculated by averaging percentage liability factors from the last three years.

Bill Scott

(from page 4)

commented on the Minister's statement.

"While MacEachen was right in denying that he had made a firm proposal in his budget concerning this concept, that is not the end of it," Scott said.

"The mere fact that he went to great lengths to expound this theory in his budget speech is the real key," he added.

"He was sending up a trial balloon, to see what, if any, public reaction he would get. I doubt that he really predicted the extent or intensity of the public furor that has erupted over his 'imputed income' concept, but angry denials are a poor substitute for clarification."

Scott said that MacEachen's parliamentary secretary, John Evans, M.P., mentioned the imputed income concept at least three times in public after MacEachen's budget speech, and said that it appeared to be a softening-up process that failed.

"I am convinced that, if there had not been so much reaction against this concept from the Canadian public and the Progressive Conservative members in the House, MacEachen would have tried to slip it through as an amendment to the Income Tax Act," Scott said.

"Despite MacEachen's back-pedaling and angry denials on this issue, I still believe that there is a very real

danger that "taxation of imputed income" is still under serious consideration by the government, and those additional taxes must look awfully appealing."

"MacEachen has sampled public opinion on the concept, and he has found that we won't accept it," Scott said. "Now he should clear the air and tell Canadian homeowners that this invidious form of taxation will not become government policy."

It's not work
to walk.
So why not
walk to work?

The following is a list of municipalities and their percentage liability for the 1982 county budget. The centre column list the total amount each will pay towards the county budget. Bracketed figures indicate an increase or decrease over last year:

Municipality	1982%	1982 Levy	
Anson, Hindon & Minden	17.08	131,223.93	(6,157)
Bicroft Imp. District	1.20	9,219.48	(-15)
Cardiff	5.21	40,027.91	(836)
Dysart et al	38.33	294,485.56	(26,247)
Glamorgan	5.59	42,947.41	(556)
Lutterworth	7.00	53,780.30	(3,972)

by Ron Reid - Federation of Ontario Naturalists

The month of March has brought good news for the 4 million Ontarians who annually visit our system of provincial parks. Minister of Natural Resources Alan Pope recently announced that 240 new parks are open for study as part of the Ministry's land use planning program. If all goes well, many of these candidate areas could become provincial parks as early as next year.

Mr. Pope's proposals could radically alter the face of the Ontario park system. Seven candidate wilderness parks are proposed, including contentious areas at Lady Evelyn near Temagami, Ogoki-Albany north of Thunder Bay, and Atikaki on the Manitoba border. A new wilderness park is also proposed for Brown and Wilson townships, in the land of granite and pine north of Parry Sound.

A series of 80 nature reserves, 34 natural environment parks, and 37 provincial waterways are also listed as candidates. However, many of these areas had been previously designated as parks reserves, so their inclusion comes as no

Some earlier candidates, such as the Spanish River west of Sudbury, have also been dropped from the list.

Mr. Pope's announcement is no guarantee that we will actually see new parks created. Each of the candidates will be publicly discussed as part of the Ministry's public consultation on their plans during 1982. Some of the potential parks will meet strong resistance from the forest and mining industry, even though the total package likely represents less than 5% of the Ontario landscape. Even for those that survive to the end of the year, parkland designation may be stalled until the logging and mining industries have finished removing any available resources.

Nonetheless, Mr. Pope's announcement is a significant step forward to resolve the nagging problems associated with Ontario parks. If you are interested in more detail about the proposed parks in your part of Ontario, I suggest that you either contact your local Ministry of Natural Resources office or write to Mr. Pope directly at Queen's Park, Toronto.

Eakins

(from page 4)

this government's failure to protect and preserve our agriculture industry and land base.

The government must now show clearly that it is serious about achieving self-sufficiency in food production.

High priority must be given to conserving for agricultural purposes the land which, by virtue of its soil and climatic conditions, provides the maximum potential and flexibility for crop production.

It's imperative that we reverse the continuing erosion of Ontario's prime agricultural base.

The farming community needs assistance now. There is no time to be lost. We cannot risk the loss of more farms to bankruptcy and forced sale.

If agriculture is to be maintained as a viable industry in Ontario, the government must take action without delay, before the deterioration of our farming community reaches the point of no return.

We welcome the Government's statement, with its admission of the importance of agriculture to Ontario's economy.

We shall judge its real intentions by its actions, which we - along with the farmers of Ontario - anxiously await.

4H Report

by Ted Francis

The second 1982 meeting of the Haliburton County 4-H Veterinary Science Club was held at Dwain Wruth's farm on March 11, 1982. It was an educational and enjoyable evening with ten young people and two Club leaders, Bob Barnhart and Dwain Wruth, in attendance.

The meeting started off with learning how to take the temperature of an animal and how to tell when an animal is healthy. Dwain demonstrated this with his horse for an

example. The remainder of the meeting was held at Dwain's house with further information being discussed.

We would like to thank the Wruths for the hot chocolate and delicious lunch. The next meeting will be held at the farm of Bob Barnhart on March 25 and will start at 7:30 p.m. For further information please call Dwain Wruth 286-1849 or Bob Barnhart 489-2416. Both girls and boys who have a pet (horse, calf, or dog, etc.) are welcome.

HELPING HAND FOR FARMERS

THE PROGRAM

New criteria for the 1982 Ontario Farm Adjustment Assistance Program will help more farmers re-structure, re-organize and consolidate viable farm enterprises facing financial difficulties.

In addition to direct financial aid, farm business management counselling is provided.

This program has three participants: the farmer, an approved lender and the Ontario Government.

ASSISTANCE

Farmers can take advantage of one or more of the following options:

1. Deferral of interest by the lender on loan(s) for a period of six months backed by a Provincial guarantee. During this time, the lender will not compound the interest.

2. An interest reduction grant on floating-rate loans and short term, fixed-rate operating loans. The maximum grant will be 5% and will not reduce the interest rate below 12%.

3. An additional line of credit for operating purposes only, guaranteed by the Province of Ontario. This new credit would be provided by the lender at the prime rate.

THE NEW CRITERIA

The farmer must have equity in the farm business of at least 10% and not more than 60%, a new upper limit. Present interest and principal payments must exceed 20% of operating costs.

The farmer must prepare a farm viability plan based on sound production and financial management and carry out this plan.

The total value of food or tobacco products produced on the farm in 1981 must exceed \$12,000, a reduction from \$25,000.

APPLICATIONS

For further information on this program and application instructions see your lender or visit an OMAF county office or write: 1982 Farm Assistance Program, Queen's Park, Toronto, Ontario M7A 1B7.

Dennis Timbrell, Minister

William Davis, Premier

Board chairman expresses concern over status change

A letter from Haliburton County Board of Education Chairman, Doug Hodgson to county council claims that the county could lose as much as \$312,755 in education grants from the province if the county loses its provisional status.

In a letter dated March 18, Hodgson told County Clerk-Treasurer Winifred Lahay that provincial authorities have told him the board could lose the money if weighting factors are removed from grant formulae. The weighting factors, which apply in varying degrees to all expenditures made by the board, are awarded to the county under Ministry of Education statutes because of its provisional status.

According to the letter, the \$312,755 figure represents the maximum amount the school board could lose and is based on a top grant of \$90,000 for

transportation purposes. In 1981, the local board received \$28,000 for transportation and \$221,000 in education grants from the province.

Hodgson admitted in the letter that "other arrangements (for grants) could be made," but he wrote, "at the present time, as far as our Board is concerned, these arrangements have not been made."

The grant estimates were based on a letter received by Hodgson from Regional Director of Education John Storey, dated March 11, 1982.

County Warden Ron Gambell had no comment on the letter from Hodgson. He said the budget committee, which is overseeing the study of the change in provisional status, has a copy of the letter and will be reviewing it at its next meeting. Gambell said the committee would consider its response to the letter at

that time.

County Council has received a letter from Minister of Municipal Affairs Claude Bennett, stating that his ministry will "work closely" with the Ministry of Education to determine "the potential impact of a status change on their grant formulae." Bennett also emphasized in his letter the "Government of Ontario will not propose legislation to implement and recommendations without full discussion with the County Council."

County Council has been considering the change in status for almost a year and recently asked the provincial government to explain what benefits are to be gained and lost by the change.

Minden W.I.

The regular meeting of Minden Women's Institute was on March 17th at the Cultural Centre with Mrs. Clare Brown presiding. On the Roll Call, all but one had worn green on this St. Patrick's Day and 18 members and one guest were present.

Mrs. Moore's report showed 26 cards sent since the February meeting. While collections for the Card Fund and Pennies for Friendship were being taken, "The Blarney" was read by Mrs. Sears and "How to Catch a Leprechaun" by Mrs. Kernohan.

Mrs. J. Hulbig read part of a story of the John Olliffe Family who had a farm and were mentioned in Lutterworth census of 1883. This paper will go into the Tweedsmuir book. Mrs. Sears then requested members to submit brief family histories, even if they are newer residents; this is for future inquiries.

It was decided to send a cheque for \$32 towards Area Expenses, this being one dollar per member.

The meeting adjourned and a delicious lunch was served by the committee. The next meeting will be at the same location on April 21 at 2 with all ladies welcome.

DO YOU REMEMBER THE COST OF REPAIRS TO YOUR HEATING SYSTEM THIS WINTER?

We offer furnace protection plans at THIS YEAR'S prices to cover the 1982/83 heating season, until May 24.

Logging industry facing hard times : Stouffer

The forestry industry, once a mainstay of the economy in Haliburton County, is facing hard times with the drop in housing starts and the resultant poor lumber markets throughout the country. The Forest Management Committee of County Council continues to press for reforms to cutting practices in order to protect forest reserves, but the difficulties of enforcing provincial forest management policies makes it a frustrating job.

Forest Management Committee chairman Elgin Stouffer now hopes that a tax cut incentive may provide fresh initiative for owners of forested property to properly manage their land.

During his monthly report to County council presented March 17, Stouffer outlined the Ministry of Natural Resources Managed Forest Tax Reduction Program. Introduced in Ontario in 1973, the program allows a 50% municipal tax rebate to forest owners who manage their forests according to the guidelines of the plan. To be eligible for the rebate, land owners must reside in Ontario and own a minimum of 25 acres of forest property. 10 acre parcels may also qualify, providing they are subject to a registered management plan.

Both Stouffer and officials at the MNR forestry branch admit there are problems with the program. Stouffer told council that there is no adequate policing to make sure the 50% rebate is being properly earned. MNR spokesman Peter Hynard agrees, "At present there are too many loop-holes in the program," he says. "A land owner can do nothing to

manage his forest and still qualify for the tax cuts," he adds. And while Stouffer is hoping for stricter controls for the program, Hynard says the Ministry's current plans may introduce those controls next year and increase the rebate to a full 100%.

Hynard says new proposals stipulate that owners of qualifying land must have a forest management plan before they are awarded any rebate. "We want to make sure we're getting properly managed forests in return for the taxes we're refunding," Hynard explains.

Despite the difficulties with the current program, Stouffer feels it is a good one, and he'd like to see more land owners encouraged to participate. MNR's David Leeder estimates that between 200 and 250 ratepayers currently take advantage of the program in the Ministry's Minden district, and many more are eligible.

If changes to the program can ensure good timber stocks for future markets, the help for the industry will come none too soon. Stouffer told council that current cutting practices in the county could be damaging forest reserves for years to come. "Every time a person under-cuts, over-cuts or cuts poorly, we're losing money and we're losing jobs," Stouffer said in Wednesday's committee report. "The market is poor for veneer logs and for saw logs," he added. "Many operators are cutting undersized logs now; when the market comes back they're going to have nothing to sell," he said.

Stouffer went on to urge that municipalities circulate

MNR forest management pamphlets with this year's tax bills. It's an idea Stouffer has introduced at council several times, and one that he claims would help educate land owners to the importance of proper forest management.

Hartwick forces fifth game in recreational final

After a hard fought game before a big Monday night crowd, Minden Home Hardware has moved ahead of Hartwick Construction by two points in the six point play-off series, in Men's Recreational League.

The two teams finished Monday night's contest tied at five goals apiece. A win for Home Hardware would have clinched the series and season's top honours for them; they now lead Hartwick in wins, 2 - 1.

Home Hardware goalie, Dwayne Lennie, put on a spectacular show in net, making several outstanding saves on breakaways in the final period. His efforts kept Home Hardware in the game for most of the final period.

Home went into the lead at 8:45 of the first period and led 1 - 0 until the 17:35 mark, when a Hartwick goal tied it 1 - 1. Home went up again to start second period scoring. At 10:33 Home made it 2 - 1, and they went ahead 3 - 1 before Hartwick connected for a late second period goal to send the teams into the third with Home ahead 3 - 2.

The final period was the most closely fought. Hartwick's Scott Gartshore tied the game 3 - 3 with three and a half minutes gone in the period. Home went ahead for the third time at the 5:48 mark, but a minute later Hart-

wick tied the game again, 4 - 4.

Both teams killed off minor penalties with thirteen minutes gone in the period. With a minute and forty seconds remaining a Hartwick forward picked up a

loose puck from beside the net and tucked a high wrist shot past Home's goaltender from the edge of the crease.

With less than a minute to play, it seemed as though Hartwick would tie the series

at two games. Then Home's Ted Vasey broke in alone over the Hartwick line and let go a hard shot that beat the Hartwick netminder to tie the game. 41 seconds were showing on the clock.

Hartwick can now tie the series at five points with another win this Monday night. If Home wins or ties they'll take the series. It promises to be another exciting matchup.

Home Hardware forward Ted Vasey's shot beats the Hartwick goalie to tie the games 5-5 with 41 seconds left in the final period. Vasey's goal gave Home a 5-3 lead in points in the final series. The fifth and deciding game will be played Monday night at Minden arena.

puck talk

The Minden Pee Wees have captured the Monmouth Cup after winning a tournament Saturday in Wilberforce.

The Minden team defeated Wilberforce 11-5 to claim the hardware.

The game opened on an even note with both teams netting markers. Scott Russell scored for Minden, un-

assisted, while the Wilberforce goal came from John Paul Dettor. It was in the second period that Minden opened the floodgates to overwhelm their hosts. Derek Allison scored from Scott Russell; Aaron Davis, unassisted; Gord Wood, unassisted; then John Paul Dettor scored again for Wilberforce.

Minden then notched three more tallies: Scott Russell from Corey Davis; John Wells, unassisted; and Gord Wood unassisted. Steven Stoughton and Dettor each added singles before the second frame ended.

Wilberforce scored a single goal in the final period, again from Dettor and unassisted. Scott Russell picked up another three, all assisted by Tom Stephen while Gord Wood added the other Minden tally.

Each Minden player was presented with a special trophy marking the victory.

Tykes

The Haliburton Tykes edged the Minden team 3-2 in a game played March 16 at the Minden arena. Greg Stamp scored a pair of goals for Haliburton to lead that team to victory. He was assisted on one goal by Greg Southerland. The other Haliburton marker came from Jeff Black, unassisted. Greg Ackerblade scored both Minden goals, one unassisted and the other with the help of David Ackerblade.

The Tykes also recently travelled to Woodville where they blanked their hosts 16-0. Cam Berry earned the shut-out for the team. No list of scorers is available.

The Minden team will be the hosts this Saturday as five teams are in town for an end of the season tournament. The action gets underway at 9 a.m. when Minden meets Bracebridge. At 10 a.m. it will be Haliburton and Huntsville facing off while Woodville and Orono meet at 11 a.m. The Orono team was the tournament champion last year.

Spectators are invited to take in the action and cheer on the young players.

Sr. curlers season ends

With an exception of the Jim Holmes, Doug Seeleys and Jim Grants, all the senior Haliburton Curlers turned out Thursday last to close out a very successful season.

The Les Wallings rink of Eleanor Holmes, Nick Nimegon and Mimi Carson were presented with very attractive figurines for going through the first series undefeated. The second series for the Hal-Min trophy was taken by Jim Holmes' rink of Eleanor Holmes and Doug

Sealey. Runners-up for the trophy was Bill Mighton's rink of Stuart and Marg Martin. Available spares usually filled out these rinks.

The seniors' group has grown from a small beginning early last fall to a very active and congenial club of 8 rinks. We sincerely hope that all of these curlers will be back with us again next fall as we feel that our experiment of building a mixed seniors group has proven a success - and our ladies under the able

supervision of Peggy Bassett did so much to enhance a spirit of friendly competition and sociability.

Les Walling took a strong rink of men curlers to Bobcaygeon last Saturday to their annual senior 'spiel. Walter Webb, John Bassett and Tom Stinson helped Les to win two games - also losing one by only a point on the last rock.

Minden seniors took 2 rinks skipped by Jim Burton and Hal Burton.

Minden seniors group will close out the season Monday afternoon with some curling - presentation of prizes and a fine supper prepared by their ladies' section.

Big six lead mixed league

The following are the standings in the Vankoughnet Mixed Bowling League, following the third series:

Team and series score	Yearly totals
The Big Six - 96	377
Oh My Gosh - 83	336
The Wild Cats - 80	277
The Holy Rollers - 78	303
The Fat Chance - 77	341
The Hobos - 74	325

The winners of the first series were Oh My Gosh with 142 points while The Big Six

took the second series with a 153 score.

High averages: Ron Robinson Sr. 225; Susan Salmon 196.

High triple: Ron Robinson Sr. 849; Susan Salmon 720.

High single: Herman Bosley 361; Marilyn Terry 303.

High triple handicap: Martin Conway 792; Helen Thompson 755.

High single handicap: Herman Bosley 363; Ruth Johnson 344.

Lutterworth signs fire services pact

After a year of negotiations, mediated by officials from the Ontario Fire Marshall's Office, Lutterworth municipal council has reached an agreement with Somerville township concerning fire protection services for Lutterworth municipality.

A draft of the new fire fighting contract was presented at the March 18 meeting of Lutterworth council. Under the terms of the agreement, the Somerville Fire Department will provide fire protection to Lutterworth until 1985.

Somerville informed Lutterworth council that it would be terminating its fire protection coverage in the municipality one year ago. Officials of the Somerville Fire Department were concerned that the limited equipment of the fire department

was being over-extended by its coverage of Lutterworth.

The new settlement, which was reached with assistance from Fire Marshall's Office representatives, provides a \$1,000 cut in Lutterworth's total payments for the four years of fire protection. In exchange Lutterworth will make two payments in place of four, one to be made this year and the other in 1984. The lump payments will enable the Somerville Fire Department to proceed with plans to purchase new fire

fighting equipment.

Before the two-payment scheme was introduced, Lutterworth was to pay the Somerville department \$2,000 in 1982, \$3,000 in 1983, \$3,500 in 1984 and \$4,000 in 1985 for standby fees. Under the new contract, the total payment is reduced from \$12,500 to \$11,500. Lutterworth will make the first payment of \$5,000 April 1 of this year, and the remaining \$6,500 February 1, 1984.

In addition to the standby fees, Lutterworth will also pay \$100 per hour for the services

of the Somerville fire truck, with a maximum payment of \$200 set for each call. Man hours for Somerville fire fighters will be paid by Lutterworth, over and above standby and truck fees.

Lutterworth also receives fire protection from the Anson, Hindon and Minden Fire Department and the Laxton, Digby and Longford force in Norland. The Somerville force provides coverage for an area along the lower section of Highway 121 and an area of the Davis Lake Road.

Ice huts must be off lakes by Wednesday

Ice fishing enthusiasts are reminded that all huts must be removed by area lakes by March 31. The deadline has been set by the Ministry of Natural Resources to ensure the huts are off before the ice becomes unsafe. Many

fishermen have already removed their shelters from the ice in anticipation of the end of another ice fishing season.

The Ministry has also recently announced that two

new fish sanctuaries have been created in the county. These are from Bailey's Dam to Head Lake in the Village of Haliburton and on the Burnt River from County Road three to Blue Hawk Lake. These areas have been posted to warn anglers that fishing is forbidden.

Copies of the 1982 fishing regulations, with details on fish sanctuaries and seasons for the year can be obtained from the Minden office of the Ministry of Natural Resources.

Moose hunters who frequent the Kapuskasing and Chapleau areas each fall are advised to consider applying for their licences now. Controlled hunts will be held in areas adjacent to these two communities and the draw for hunting privileges will be held later this spring.

The deadline for receiving applications for these hunts is April 30. For more details contact the Minden MNR office.

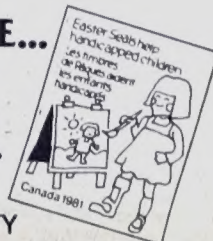

Wrong war

In an article on the Red Cross annual dinner published in last week's issue of The Times, it was reported that OPP Sergeant Bill Bailey reminisced about his involvement with the Red Cross during the Second World War in Europe. Sergeant Bailey was actually speaking of the war in Korea, where he was serving in 1954.

NOTICE

Under the Forest Fires Prevention Act,

The period from April 1 to October 31 in each year shall be a fire season.

Fire permits are required in a fire district

- for all outdoor burning except cooking or obtaining warmth
- to ignite fireworks within 1000 feet of a forest or woodland.

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 1000 feet of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland.

Fire permits may be obtained from local Ministry offices or township fire wardens.

senior league

by Bert Harrison

This has been a busy week here at Hyland Crest. We were glad to see they won a safety award. Congratulations to the managing board.

We welcome a part-time helper, Lori Beardsworth and a permanent resident, Mrs. Annie Cox.

Sunday evening Rev. Burgess took his text from Mark, chapter 5, "My name is Legion." Mrs. Burgess offered prayer.

Tuesday morning Rev. Miller took the service here. He spoke on Alpha and Omega, the beginning and the end. We were glad so many could attend.

My wife wishes to thank all who sent lovely birthday cards and best wishes on her birthday.

You should have been with us to help us celebrate St. Patrick's Day. We had a real live leprechaun all dressed up in green. He wore the cutest costume that you have ever

seen. We had to judge Paddy's Pigs made of lovely spuds, with their hairpin feet and pipe-cleaner tail, beads for the eyes and ears made of shell shale. They were harder to judge than the hats we all wore, made of satin and silk and ribbons galore. Our thanks to Mrs. Jean Cox and her students for making so many hats.

The Watson-Smith trio came Tuesday night and again on St. Patrick's day. It was really swell of them to come and they can surely play. We square danced and round danced and did the heel and toe. We all enjoyed ourselves

until it was time to go. We thank our girls who planned the day and also the guests who came to play.

Thursday afternoon is tea-party day here at Hyland Crest. The U.C.W. Ladies from Maple Lake United Church were our welcome guests. They brought us a lovely lunch and served it up so fine. Nice to see some familiar faces, seemed like olden times.

Thursday night is bingo night here. Tom Prentice from the Kinsmen club was our special guest.

Jerry McKelvey is away taking treatment for back trouble. We hope he'll soon be back again, but snow he must not shovel. Peter Ferrey and Ken Fielding look after all mechanical work including the plumbing. They seem to be doing a real good job, keeping everything humming.

Mrs. Coburn and Fred Ballard came this Friday afternoon to play and lead a sing-song with some real merry tunes. Mrs. Coburn always has some reading or rhymes which help to entertain. We look forward to the time when they come again.

I went into the tuck shop one morning, just to browse around a bit, some items I did see. The lady behind the counter was Aileen Blears, she said "this is my birthday, I have lived for sixty years." I thought, this is just too good to miss, I leaned on the counter to give her a birthday kiss. There is something else I really should not say, for she leaned on the counter and met me half-way!

The two riders who brought in the highest amount in pledges during the February Snowarama for Timmy were honoured at a recent meeting of the Minden Rotary Club. Bill Seedhouse, left, of Mississauga, and Dell Taylor received plaques for their efforts from Ray Cox, club president. Bill completed the circuit with a record \$2200 in pledges. Dell Taylor of Beaverton, riding for her husband, collected \$1565 in pledges.

Volunteers are important

(One in a continuing series of articles prepared by Susan Clements for HCSPC).

The involvement of the voluntary sector, in social planning for a community is of paramount importance. Haliburton County Social Planning Council (HCSPC) is actively searching for new members. Membership is open to all residents of Haliburton County, service providers, representatives of community organizations, elected officials or anyone with an interest in social planning. No membership fee is required.

The objectives of HCSPC are:

- to promote an effective, well-balanced programme of health, welfare, education and recreation services for the county
- to identify gaps in service
- to set a mechanism in place to fill unmet needs
- to provide a channel for co-ordination and co-operation among organizations
- to develop public awareness of social needs
- to promote development of capable volunteer and professional leadership in the community and social service field

In an effort to accomplish the stated objectives, the council has sponsored numerous meetings, distributed questionnaires, and produced reports and community resource directories. The following is an overview of our recent work.

HCSPC was responsible for starting Haliburton County Home Support Services. The latter organization was created two years ago to assist the elderly and handicapped to remain independent in their own

home for as long as possible. In addition, home support sought to create an awareness in the community of the process of aging and the needs of the aged.

A public meeting on alcohol-related problems in the workplace was sponsored by the council in November 1980. The guest speakers included representatives from Addiction Research Foundation, District Health Council and public relations department of Canadian General Electric.

The need for a speech pathologist was recognized approximately eighteen months ago by HCSPC when it conducted a survey of eighty-five service providers, volunteers, consumers, and community representatives. The council also recognized that Haliburton County could not afford the services of a full time professional. Consequently, the council assembled three organizations requiring this service, and the speech pathologist was hired on August 31, 1981.

To facilitate the planning and co-ordination of children's services at the community level, HCSPC formed an advisory board on children's services for Haliburton County. As a result of the board's work, a community information and referral service for all citizens in the county is being established.

The council acts as a review committee for proposals generated at the local level. In September, 1981, the council examined a proposal for mental health services for the county, and forwarded it to the District Health Council.

In November 1981, the council was instrumental in

sponsoring a workshop on voluntary co-ordination. The participants at the meeting identified several unmet needs in the county, and suggested strategies for enhanced co-ordination of services.

While some of the results of the work of HCSPC are encouraging, and in many areas positive, it is apparent to the council that the tasks ahead will demand substantial support from the community. Please demonstrate your interest and support by attending the next HCSPC meeting on February 24, 1982 at 12:00 noon to 2:00 p.m. at Lakeview Centre, Sir Sandford Fleming College in Haliburton. The topic of the meeting will be the work of the Children's Aid Society (CAS) in the county. The guest speakers will be Patrick Cavanagh, the county based CAS worker, and George Besner, the Supervisor of the Lindsay CAS office. If you cannot attend the meeting, but wish to join the HCSPC, please contact Susan Clements at 754-3238.

Mrs. Ethel Leigh of Minden celebrated her eightieth birthday last week in high style. Family and friends gathered at her home on St. Germaine Street in Minden to give Mrs. Leigh their best wishes and give their approval to an ample eightieth birthday cake.

around the county town

by Yvonne Guida

Visiting with Mr. and Mrs. John Rockory, last week, was their son Bruce and his son Adam. They helped celebrate Anne's birthday, March 12 and then flew back to Hampton, New Brunswick. We wish her many happy returns of the day.

Mrs. Mary Windover spent a very pleasant week in Lindsay with her three daughters and celebrated her 86th birthday. And we wish her many, many happy returns of the day.

Elsa Seuret had a lovely time visiting with Doreen and Jack Turner of Bridle-town Crescent in Scarborough.

Mrs. Mary Bowins of the Sunshine Apartments left for an extended visit with her sister in California.

Mr. and Mrs. Sinclair Russell left for a six week's stay in Australia.

Mr. Bruce Rockory, son of Mr. and Mrs. John Rockory, was voted salesman of

the month for the Kitchen Sales Division of Burns Meats, Ltd.

The Don Hall's took advantage of the school break, last week and flew to Orlando, Florida.

Anne McKay is spending two weeks with the Alan Coneybeares. She arrived in time for a surprise birthday party given for her sister Mary on March 13th. We understand it was a wonderful party and we join with family and friends in wishing Mary the best.

Mr. and Mrs. Greg McMillan, their son Michael and Jeffrey McMillan from Thunder Bay, are visiting the Bill Austins and the Jack Austins here in Minden.

Mr. and Mrs. W. R. Kennedy of Carnarvon recently returned from a very pleasant trip to Florida.

Jim and Joan Hatkoski had her two nieces, Jody and Sherry Neimann from Oshawa, visiting for the week-end. They spent Saturday afternoon visiting Roger Hoggs in Bracebridge.

Fred Hewitt is having a nice visit with his mother Joyce this weekend.

Mrs. Gray, from Thornhill, visited with Mrs. Ern Hewitt this weekend.

The Thrift Shop at St. Paul's Parish will be closed on Good Friday. The Thrift Shop had an exceptionally good day last Friday. Please take advantage of the good buys.

Do keep in mind my next art class which will be starting at Archie Stouffer School, under the auspices of Sir Sandford Fleming College, April 20th. I hope to see old and new friends there. We have a lot of fun while learning painting skills. Anyone who is interested may contact the college.

All fans of Luciano Pavarotti, (and I am a staunch fan), will be happy to learn that he will be starring on a television program next Monday, March 29. Consult your listings for the time.

On Friday, March 19, a group of enthusiastic young High School Students from grades 12 and 13, took off for a ten day holiday in Greece, and do I ever envy them! Having visited Corfu, Crete, Rhodes and Athens myself, it promises to be a

thrill of a lifetime for them. We will be looking forward to sharing the reports of their travels, which I hope to bring you upon their return.

Ethel Leigh celebrated her eightieth birthday last week with a lovely party in her home. At least sixty people were on hand to help her celebrate. We wish her many, many more happy birthdays.

Friends will be happy to hear that Paul Prentice is convalescing at home and doing very well.

I am sorry to report that Helen Minto who was in Minden Hospital is presently confined to Women's College Hospital in Toronto. We all wish her a speedy recovery, and hope she will soon be home again.

Last call for the delicious Easter eggs that Leone Skead and Barbara Trociewicz and their crew are concocting. Do contact the girls for these Easter treats. Only one dollar for these homemade specialties.

The C.I.L. Art Exhibit coming to the Agnes Jamieson Art Gallery beginning April 7 may be seen daily from 3 to 5 p.m., on weekdays, and on Saturday from 10:00 to 5 p.m. The Gallery will be closed on Sundays.

A reminder - The Men's Breakfast to be held in St. Paul's Parish Hall this coming Sunday at 8 a.m.

The Reverend W. L. Sharp and family will be visiting with Major and Mrs. Glynn Lewis for a week. Son Kevin is at Baffin Island, in conjunction with his school, studying the culture of the natives.

Hopefully, tomorrow Mrs. Winnifred Bedlington will be returning to her home in Oakville after a lengthy stay in the hospital. Everyone wishes her well.

A very happy birthday to Catherine Teasdale at the Hyland Senior Citizen's home who celebrates her birthday on Thursday, March 25. Many happy returns of the day Catherine.

The movies will not be shown in the Common Room of the Cultural Centre this week, instead they will be shown the following Friday, April 2. The movies for adults will be as follows: Enchanted Isles, Winter's End, Mr. Hancock, the story of a man who bought land around Toronto and improved it and built a park. Joe Jacobs, Stone Carver and White Throat - a Movie about a bird. These will be shown from 2

to 3 p.m. The children's movies are as follows: Black and White Kitten Lorax - a Dr. Seuss story, People Soup, and Playful Pelicans. These will be shown from 7:15 to 8:15 p.m. Don't forget these movies

are free so do take advantage.

On Tuesday, April 13, Marie-Paule Green, Director of Consumer affairs for IGA will be at St. Paul's Parish with a lecture and slide presentation. She will have shopping tips and there will be a question and answer period. There will

also be refreshments and door prizes. Everyone is welcome. The program will start at 7:30 p.m.

I am sorry to report that Mrs. Ivy Roland passed away last week. Our deepest sympathy goes to her family and friends.

Bill and Lenore Prentice are spending a pleasant holiday in Florida.

Dana Hughes and Jill Stamp are visiting with Mrs. Keith MacIntosh in Oshawa during their school break.

Mr. and Mrs. Michael Bibeau and their children, from Port Perry, visited with her Grandmother, Mrs. Taylor Kernohan, on Sunday.

Mr. and Mrs. Lyman Cox and Mr. and Mrs. Goldie Henderson and son Dale, from Roseneath, just arrived home from a lovely holiday in Florida. While there they called on Mr. and Mrs. H. Gibson and Mrs. Vera Cowen at Lakeland and spent a few days with Mr. and Mrs. Don Kellett and family in Lillburn, Georgia.

The St. Paul's Parish Mini Card Party winners are as follows: cribbage - Luther Wilson and Dora Dawson, euchre - Alice Clark, May Spence and Evelyn Robertson.

Visiting with Mr. and Mrs. Jack Austin, is her sister and brother-in-law, Mr. and Mrs. Kelly Ball of Fort Erie.

Mary Minto, wife of Ian Minto, gave birth to a baby girl last Monday in Peterborough Civic Hospital. Both baby and mother are doing well. Our congratulations and best wishes to the proud parents and grandparents, Mr. and Mrs. Oswald Snell and Mrs. Jim Minto.

Mr. and Mrs. Elmer Harrison and their son Greg, of Maple Lake, motored to Brampton, last week, and visited with their son Terry Walker and his wife Marg and then on to Toronto to visit with friends and family. It was a very nice holiday for them.

lines from Lutterworth

by Jean Lacey

Hi! We had Spring on Saturday, but winter sure came back with a vengeance on Sunday. That was just to let us know winter is not through with us yet, even if we're through with it.

Lisa Dunsford and her mother are spending the week with her sister, Sandy and family in Pickering.

Betty-Jo Clayton is spending the week in Lindsay.

Jim and Jo Oatman and family from Shelburne were up on the weekend and took Carole and David home with them for the week.

Sorry to hear that Bill Skelding is still off work. Hope he feels better soon and is able to get back on the job.

Also sorry to hear that Ern Wright is back in hospital for more tests after being home for the weekend.

All you drivers out there, watch out for the kids, as they'll be rambunctious, being able to get away from school for a few days and they might just forget to watch where they're going.

All you ice fishermen be careful walking out on the ice as there will be a lot of holes that you could possibly drop into, from the huts that have been taken off the ice. Also there is only a week left until

you have to take the huts off the ice, for all of those that still have them on there.

Glad to hear that Arnie Wright is back to work after having a pinched nerve in her back.

Bill Roodenburg spent a few days visiting relatives and friends in Smith Falls and Ottawa.

There will be a film at the Lutterworth Library Saturday, March 27 at 7:00 p.m.

Hint of the Week
Creeping machine foot pedal - Glue a piece of foam rubber to the bottom of a portable sewing machine foot control and it will not creep on the floor.

You're getting older when you burn the midnight oil until 9 p.m.

Kids Korner
Kids please be careful this week now that you are out of school for March break, but have fun.

In a cheese factory, what smells the most?

Your nose
What animal has two humps and is found in Alaska?

A lost camel
What does a rooster always do when he stands on one

foot?
He holds up the other one

What does a person usually grow in a garden if he works hard?

Tired
What is it that floats on the water as light as a feather, yet a thousand men can't lift it?

A bubble
When is it right for you to lie?

When you are in bed
Why do hens lay eggs?

Because if they dropped them they would break
What do they call a train that carries bubblegum?

A chew-chew
What is the last thing you take off before going to bed?

Your feet off the floor
What is the best thing to put into a cake?

Your teeth
What two letters contain nothing?

M-T
What four letters are the fattest?

O-B-C-T
Which two letters are very cold?

I-C
Bye for now. Take it easy. God bless till next time.

proud great-grandmother
Mary Hutchinson. 3D

CARD OF THANKS

To the Children of Halibur-
ton County and the People of
Rails End Gallery:

I would like you to know
that it was a pleasure to be
performing for you in this
part of the province.

Being the first time I visit
this area, I'm leaving with a
nice feeling and hoping to
come back.

I wish you can continue
your support to any artistic
expression in this county.

Thanks especially to your
children for the feedback and
also for the drawings.

Dario Dominiques

Mr. and Mrs. Frank Watson
wish to thank their family and
friends, for the cards, flowers
and gifts received on the
occasion of our 50th Wedding
Anniversary. 3D

GOLDEN SALES OPPORTUNITY

Natco Realty Corp. have at this time openings for Salespeople to
represent their firm as local Sales Agents in several Communities in
this general area.

The people at Natco Realty believe the attractive package they have to
offer to persons who may qualify to be one of the best around.

If you consider yourself a capable self motivated person interested in
building a name for yourself as well as a good clientele it may then
well pay you to have a friendly chat with us.

The time was never better.

Please feel free to contact Manager, Jack Huston, P.O. Box 187, 158
Lindsay St. S., Lindsay Branch. 324-9444.
